

Chris Pearson

Chris Pearson is a specialist in intellectual property, media and entertainment law. Commercially-minded and user-friendly, Chris advises and represents clients ranging from large corporations and substantial rights owners to individual professionals, entrepreneurs, artists and inventors. Clients have access to his experience acting in high-profile litigation, technically complex cases and cases involving known personalities, and advising on non-contentious IP issues, drafting IP agreements or handling sensitive negotiations.

Chris brings to his clients expertise in all areas of intellectual property, including copyright and related rights, unregistered design right, registered designs, registered trade marks, passing off, database right, patents, privacy, data protection, confidentiality, and in all areas of media and entertainment law, especially music, television and film.

Chris can be hired directly by businesses and private individuals.
